

TLW by HOBART wins the DANUBIUS GASTRO-AWARD

Offenburg – At the DANUBIUS GASTRO hospitality trade show in Bratislava/Slovakia, the TWO-LEVEL-WASHER by HOBART received the award of the same name. The dish and utensil washer convinced the jury with its special feature: the ability to wash dishes on two levels simultaneously.

The TWO-LEVEL-WASHER is not only extremely efficient but also has a very small footprint, which makes it suitable also for smaller kitchens. Despite the second washing level, the TLW with its compact design does not require more space than a conventional dishwasher. "At peak times, the kitchen is always incredibly busy, and dishes must be washed fast to be ready for reuse quickly. Our TWO-LEVEL-WASHER is therefore the perfect helper because it washes double the quantity of dishes in the same time", says Manfred Kohler, Vice President Sales and Manufacturing at HOBART GmbH.
